

# Portable projection screens

## Tripod screens for intensive use

The Picture King and Prominent tripod screens were specifically designed for intensive portable use. A typical feature of both screens is the robust base with its square rod and large aluminum tripod, giving the screens unparalleled stability. With their stability, durability and ease of use, the Picture King and Prominent have become the first choices of rental companies and conference centres.

**Extremely stable and durable.**

**Wide selection of screen fabrics.**

**Black borders add extra contrast to the image.**
